

Marek Lošan

Partner

Marek Lošan specialises in mergers and acquisitions, private equity / venture capital, legal audits and legal due diligence, tax planning, various complex real estate projects and legal advisory to private clients. Marek is co-responsible for providing legal services to German-speaking clients. His clients include major German, Austrian and U.S. investors in the Czech and Slovak Republics, a number of the Czech Top 100 companies and some of the most successful and wealthiest Czech and Slovak private businesspersons.

During the past couple of years, Marek advised clients in numerous transactions on both the sell and the buy sides, mainly in the automotive and construction industries and in the private equity sector.

Before joining our law firm, Marek worked for almost ten years with leading international advisory and law firms in the Czech Republic (PricewaterhouseCoopers, Beiten Burkhardt and White & Case).

Recommendations of international publications

The prestigious publication European Legal Experts 2009 cited Marek as a recommended Czech legal expert for acquisitions of real estate.

Projects

- advising on the amalgamation of two major insurance companies in several Central and Eastern European countries (a transaction worth EUR 5.1 billion)
- advising a major foreign investor with global operations on the execution of a greenfield project for the overhaul and remanufacturing of gas turbines in the Czech Republic
- advising a multinational producer of electronic devices for the automotive industry in connection with the acquisition of a Czech subsidiary of a major international group of companies manufacturing automotive spare parts
- advising a major German institutional private equity investor in connection with legal due diligence of Czech and Slovak subsidiaries of an international manufacturer of rubber and thermoplastic elastomer products for the automotive industry
- advising the selling shareholders of a major Czech manufacturer of wood chip conveyors and containers on the sale of their 100% shareholding
- advising a German financial investor on the acquisition of a Czech heat resistant ceramic fiber products manufacturer
- advising a German investor on the installation of photovoltaic power plants in the Czech Republic
- advising a German investor on the acquisition of a part of the business enterprise, including immovables, of an insolvent manufacturer of semi-trailers
