

**Vojtěch Zavadil**

Associate

Vojtěch Zavadil specialises in intellectual property law, copyright law, trademark law, and information technology law. He has experience in transaction advisory services relating to transfers of intellectual property rights, including the legal assessment of technology assets and the transfer and licensing of intellectual property.

In the field of intellectual property law, he specialises in copyright and industrial property law. His practice focuses primarily on the protection and licensing of software, databases and copyrighted works, including the structuring of licensing models and contractual relationships relating to these protected assets. He also focuses on current legal issues relating to the development, training and deployment of AI systems. He is also active in supporting early-stage companies and advises start-ups, whilst also delivering speeches at specialist seminars and practical workshops.

He graduated from the Faculty of Law of Masaryk University in Brno. As part of the Erasmus programme, he furthered his studies at the University of Regensburg, Germany, where he focused on intellectual property law and private international law.

Projects

- legal advice on global patent litigation to leading global automotive manufacturers
- legal advice to a leading global chip manufacturer on the acquisition of intellectual property from a Czech company
- legal advice to a leading automotive manufacturer on the acquisition of intellectual property (trademark portfolio)
- legal advice in connection with the negotiation of licence agreements between a Czech state-funded organisation and foreign publishers of specialist literature
- drafting tender documentation for the implementation and maintenance of software for major public sector contracting authorities
- legal advice on the protection and enforcement of intellectual property rights in the digital environment, including disputes relating to the unauthorised use of software, gaming content and audiovisual works
