

Michal Blahovec

Associate

Michal Blahovec specialises primarily in pharmaceutical and medical law and also provides legal services in the areas of commercial and employment law.

In the area of pharmaceutical law, his experience includes advising on the advertising of medicinal products and medical devices not only from the perspective of Slovak and European legislation, but also from the perspective of ethical standards under the regulation of EFPIA, AIFP or the Advertising Council, the regulation of cosmetic products, distribution models in the pharmaceutical industry, the price regulation of medicinal products, and the pharmaceutical industry's relations with HCOs and HCPs.

Prior to joining our law firm, Michal worked at major international law firms in Bratislava, specialising in pharmaceutical, commercial, and employment law. He also worked as a senior court clerk at the District Court in Bratislava, specialising in civil and commercial law.

Projects

- providing comprehensive advice to a Slovak company belonging to a prestigious international network of pharmaceutical companies on regulatory issues related to the advertising of medicinal products, price regulation of medicinal products, the pharmaceutical industry's relations with HCOs and HCPs, including assessing competition law issues involving relations with distribution companies
- providing comprehensive advice to marketing authorisation holders in relation to changes in the set-up of distribution models, as well as in relation to the long-term lease of part of the pharmaceutical portfolio
- advising leading international companies on the Slovak market in the area of cosmetics and medical devices
- advising established companies in various sectors on labour disputes and contractual matters related to customer-supplier relations
